

### Sterol-Max -

Immune System Support

90 capsules per bottle - 350 mg each

Price: \$49.95

Your Immune System is the only defense mechanism your body has to prevent disease and illness from becoming a part of your daily life. Scientists worldwide agree that the only difference between a healthy person and a sick person is a more effectively functioning immune system. Exposure to environmental toxins, bacteria and viruses take a toll. Taking Enriching Gifts Sterol-Max™ Sterols increases T-cell proliferation and immune modulation, the defense mechanism your body utilizes to keep you healthy.

#### Key Benefits of Enriching Gifts Sterols:

- Highly beneficial in slowing down the absorption of LDL cholesterol.
- Made from hydroponically grown, naturally harvested plant sprouts that have been certified 100% organic.
- **Increases T-cell proliferation.** T-cells are specialized cells that destroy developing cancer and mutating cells in your body and increase macrophage, nurtrophil, lymphocytes, and other immune system cells of the body that destroy viruses, bacteria, fungus, germs, etc.  
Sterol and its critical glucoside component, sterolin, enhance the ability of T-cells to divide, thereby increasing the number of T-cells in our defenses.
- **Regulates overproduction of B-cells (lymphokines)** which promote the functions of T-cells making antibodies, responsible for auto-immune symptoms. Sterols also help regulate B-cell imbalance, triggering a dysfunctional autoimmune disorder to function normally.
- **Addresses the underlying causes for disease** instead of treating symptoms.
- **No adverse side effects** yet still offers relief for many challenges to the body.
- **Suppresses adrenal gland secretion of cortisol** which is responsible for stress related disorders including weight gain and inflammation.
- **Reduces time between bowel eliminations** thereby reducing toxicity buildup.

Having a healthy immune system can mean the difference between living an active, productive lifestyle, versus one plagued with ongoing illness and disease. Without a strong immune system, the body will succumb to the constant attacks on it and die. Our society is compounding the problem by inadequate methods of food production, depleted of minerals and nutrients, as well as the indiscriminant use of antibiotics by our medical and agricultural communities.

#### Symptoms and conditions known to respond well to sterol supplementation include:

- Cancer (breast, colon, prostate)
- Rheumatoid Arthritis
- Hepatitis C
- HIV
- Ankylosing Spondylitis (a form of chronic inflammation of the spine and the sacroiliac joints), which causes spinal pain and stiffness).
- Hashimoto's Disease (Stops the thyroid gland from making enough hormones for the body to work the way it should.)
- BPH (enlarged prostate)
- Lupus
- Allergies
- Psoriasis
- MS
- Chronic Fatigue Syndrome
- Bronchitis
- Fibromyalgia

#### Ingredients consist of a proprietary blend of:

Wild Barley (sprouts) *	Wheat (sprouts) *	GR8CF-77™ (Plant Source Enzymes and minerals) *
Fenugreek (sprouts) *	Phytosterol Enriched Oilseed (sprouts) *	
Soybean (sprouts) *		

\* Daily values not established

Take three (3) Sterol-Max capsules on an empty stomach first thing each morning at least 30 minutes before eating. Note: For the first 30 days, take six (6) capsules each morning to strengthen the immune system.
